# Request for Proposals (RFPs)

Program	Industry Day	Draft RFP	Final RFP	Acquisition Strategy
Ground Training Systems Support (GTSS) West	Q4 FY19 Camp Pendleton and 29 Palms	Q4 FY19	Q4 FY19	Full and Open
GTSS OCONUS	Q4 FY19 Hawaii	Q4 FY19	Q1 FY20	Full and Open

## Other Transaction Authority (OTA)

Program	Release Date	Industry Response	Contract Type
Combat Vehicle Training System (CVTS)	RFI 04 Jun 19	18 Jun 19	OTA in Q3 FY20
Force on Force Training Systems (FoFTS) Next	Estimated Q4 FY19	Estimated Q4 FY19	OTA for white paper submissions
Small Arms Lethality Enhancement Simulation System (SALESS)	Estimated Q4 FY19	Estimated Q1 FY20	OTA for prototypes in Q1 FY20

# Ground Training Systems Support (GTSS) West

## Description/Summary of Program Requirements

The GTSS West program provides continuous life-cycle support for fielded ground training systems including: simulation/training devices, live-fire ranges, Combat Training Environments (CTE) and other service support. GTSS West provides this support via firm-fixed price performance based contracts with commercial contractors. The contractor is responsible for system operations, supply services, maintenance of various training devices, inventory management, facilities and ranges within a geographical area in support of the Marine Corps and other services.

GTSS West contract provides support at Camp Pendleton, CA; MCAS Miramar, CA; MCAGCC 29 Palms, CA; MWTC Bridgeport, CA; MCAS Yuma, AZ.

# Ground Training Systems Support (GTSS) OCONUS

## Description/Summary of Program Requirements

The GTSS OCONUS program provides continuous life-cycle support for fielded ground training systems including: simulation/training devices, live-fire ranges, Combat Training Environments (CTE) and other service support. GTSS OCONUS provides this support via firm-fixed price performance based contracts with commercial contractors. The contractor is responsible for system operations, supply services, maintenance of various training devices, inventory management, facilities and ranges within a geographical area in support of the Marine Corps and other services.

GTSS OCONUS contract provides support at MCB Kaneohe Bay, HI and Okinawa, JAPAN.

# Combat Vehicle Training System (CVTS)

## Description/Summary of Program Requirements

This effort is for the concurrency upgrades of the M1A1 Advanced Gunnery Training Systems (M1A1 AGTS). This includes hardware and software upgrades to the commander and gunner station and new gunnery table for 19 mobile AGTS (MAGTS)/ relocatable AGTS (RAGTS) and 21 tabletop AGTS (TAGTS).

# Force on Force Training System (FoFTS) Next

## Description/Summary of Program Requirements

FoFTS-Next enhances training environments that simulate battlefield experiences at Home Station and deployed venues utilizing Combat Vehicle-Tactical Engagement Simulation System (CV-TESS) and Instrumented Tactical Engagement Simulation System increment III (I-TESS III). FoFTS-Next provides instant feedback and after-action capabilities for individual warfighters and Combat Vehicle platforms within the USMC. This requirement is necessary to enhance both the realism and effectiveness of the USMC Pre-deployment Training Program (PTP).

# Small Arms Lethality Enhancement Simulation System (SALESS)

## Description/Summary of Program Requirements

SALESS capability provides the capability that directly supports infantry Marines weapons proficiency training to include: basic/advanced marksmanship, team/squad drills, and advanced techniques within a simulated environment. Facilitates multiple data collection points to provide detailed feedback that measures overall human performance. Allows Marines to increase their cognitive/decision making and mechanical abilities through high quantity of repetitions to enhance their live-fire performance, combat readiness, and overall lethality of the force.

Enhancement effort will provide an interim training as a service type solution to be used as a prototype at five locations approximately for a three year period.
